

Achieving Better Care by Monitoring All Prescriptions (ABC-MAP)

Act 191 of 2014

ABC-MAP Board Meeting
July 19, 2016

Agenda

- Old Business

- Review/approval of April 19, 2016, Board meeting minutes

- New Business

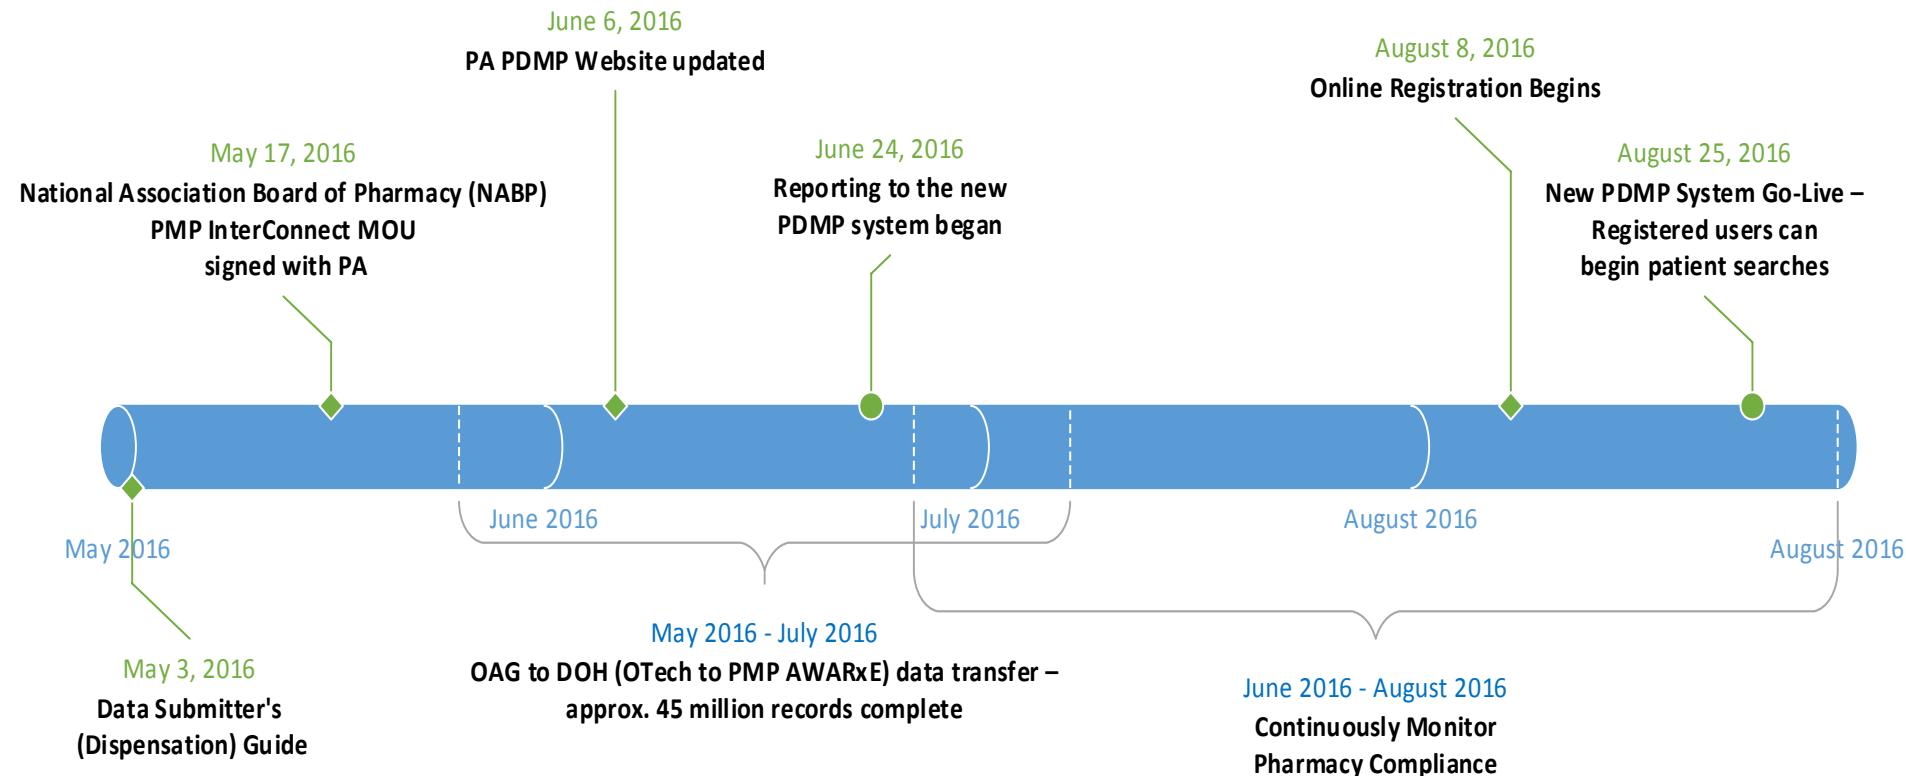

- PDMP Update

- Adjournment

PDMP Update

- All dispensers and pharmacies are now required to report to the new PA PDMP system within 72 hours of dispensation of controlled substances (Schedule II to V) as of June 24, 2016.
- Registration for prescribers and their delegates will begin August 8, 2016.
- PA PMP AWARxE system will be available to all the medical professionals and their delegates starting August 25, 2016.

PDMP Update

PA PDMP System Estimated Users

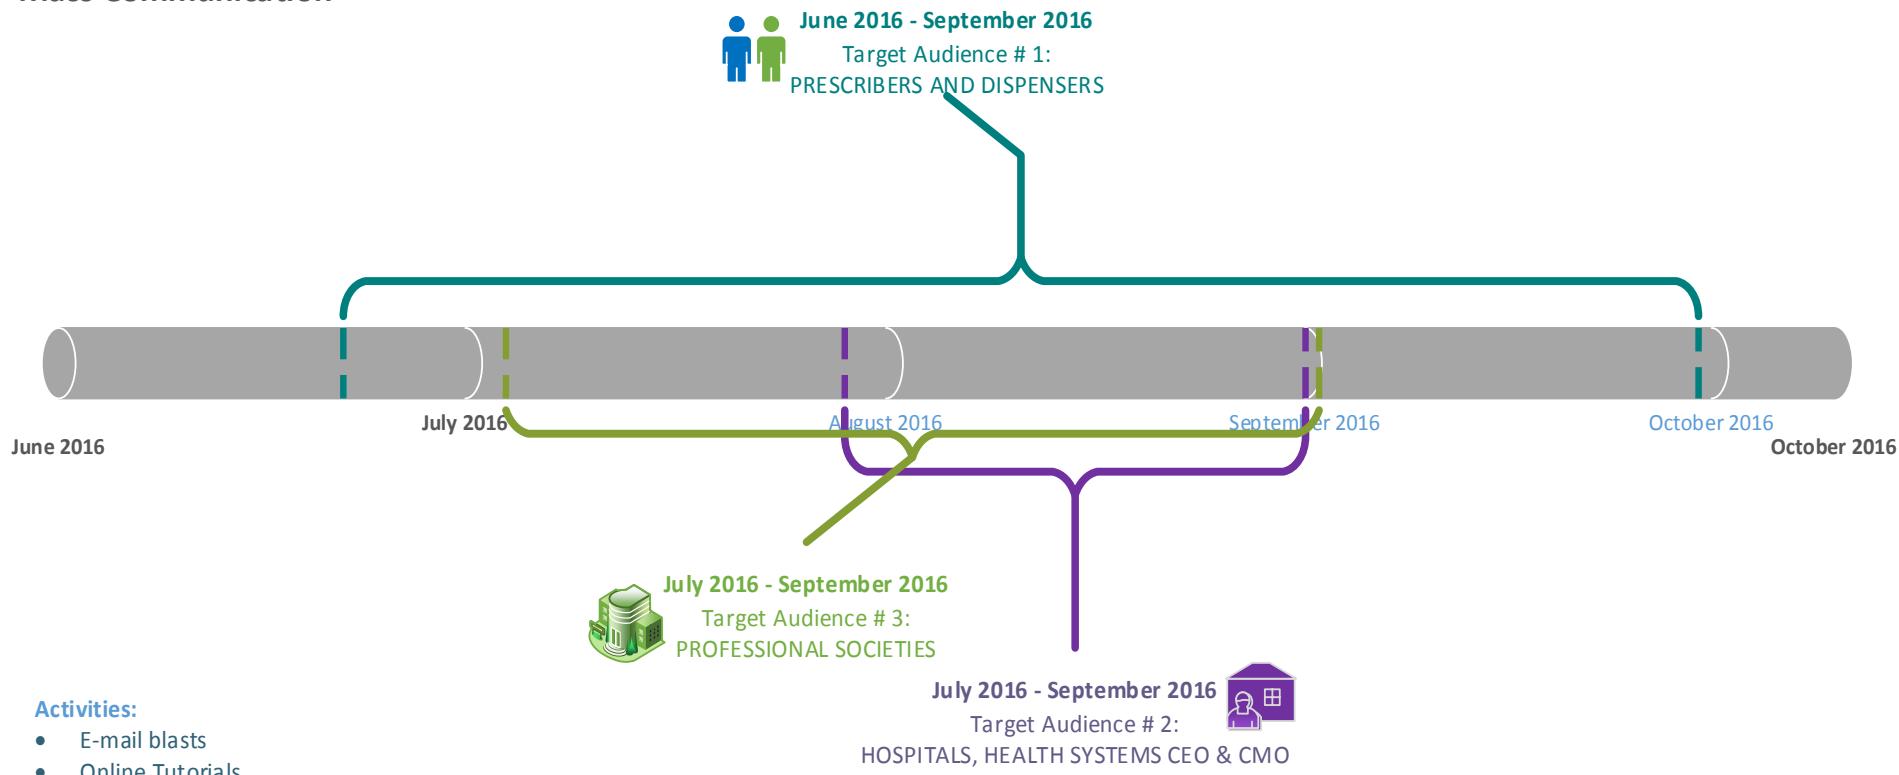

- State Board of Medicine: 68,530
- State Board of Nursing: 11,080
- State Board of Dentistry: 9,965
- State Board of Pharmacy: 23,424
- State Board of Optometry: 2,868
- State Board of Osteopathic Medicine: 12,485
- State Board of Podiatry: 1,570

Total: 129,922 Users + their additional delegates

PDMP Education and Outreach

Phase I

Mass Communication

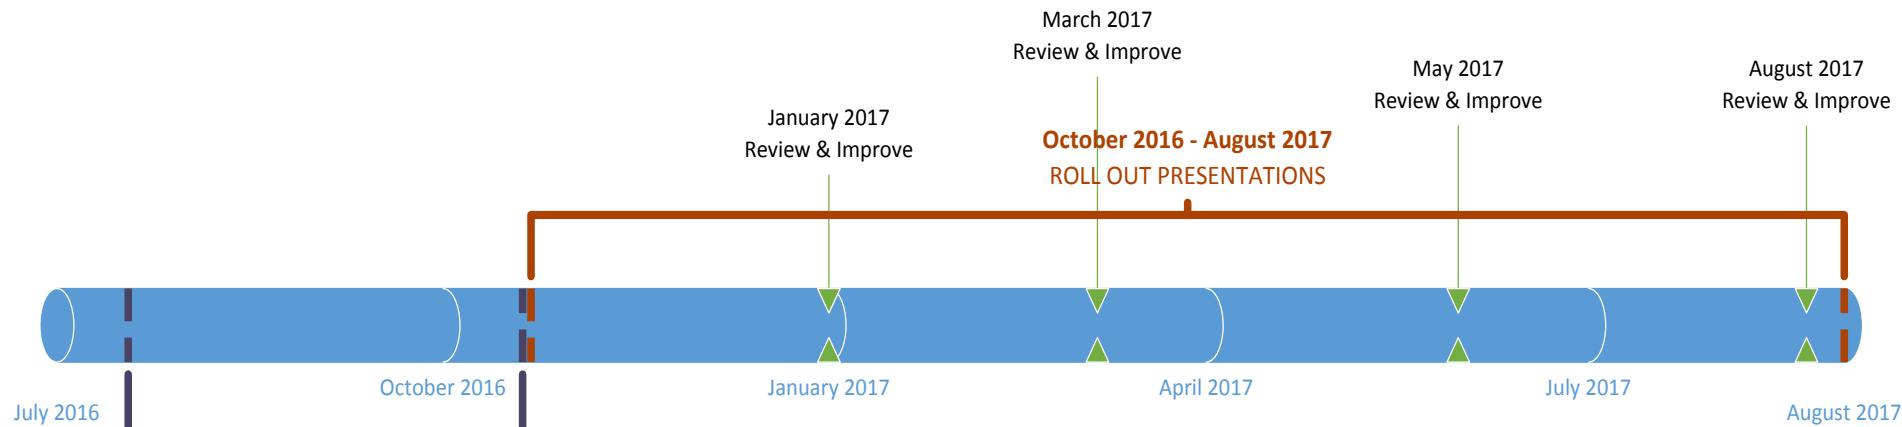

Activities:

- E-mail blasts
- Online Tutorials
- Mass Mailings
- Online Video Tutorials
- Conference Booths at various professional societies
- Social Media
- Quarterly Newsletters
- Unsolicited Reports

PDMP Education and Outreach

Phase II

Target Presentations

July 2016 - October 2016

PREScribers
&
DISPENSERS

Priority:

1. Co-develop presentations with PDMP team, Champions & DOH physician leadership
2. Pilot (Geisinger and a small physician group practice)
3. Review & Improve

PDMP Champions

- Types of Champions
 - Medical Leadership Champions
 - Clinical Practice Champions
- Recruiting Champions from:
 - Professional Societies
 - Hospital and Health System leaders (Urban/Rural)
 - Academic Medical Centers
 - Prescribers and Dispensers in PA
 - County & Municipal Health Departments

Continuing Medical Education Units

- Partnered with Pennsylvania Medical Society (PAMED) and developed the PA PDMP CME.
- Addressing Pennsylvania's Opioid Crisis: What the Health Care Team Needs to Know
 - The [CME program](#) is divided into four sessions and each session consists of four, 15-minute modules. The program covers a variety of tools and resources for prescribers and dispensers to better address opioid addiction with their patients. Sessions include:
 - **1:** Opioid Prescribing Guidelines for Non-Cancer Pain
 - **2:** Naloxone
 - **3:** Referral to Treatment
 - **4:** PA PDMP Database
 - These are free CME's until December 31, 2016 for all medical professionals that need to renew license this year.

PDMP Policy Development

- Delegate assignment policy
- Dispensation data waiver policy
- Patients requesting prescription records
- Patient notice for pharmacies and prescribers
- Patient's prescription correction policy
- Record retention policy
- User acknowledgement and confidentiality policy
- Authorized users policy
- Data submission compliance policy
- Technical downtime procedure
- Unsolicited reports policy
- PDMP Office operations policy
- PDMP reports policy

Grant Applications

PDMP office applied for 2 CDC grants in June 2016

- CDC Prescription Drug Overdose Prevention for States Program Supplemental grant
 - To support EHR and Pharmacy systems integration with PA PDMP system
- CDC Enhanced State Surveillance of Opioid-Involved Morbidity and Mortality grant
 - To increase the timeliness of nonfatal and fatal opioid overdose reporting and through findings, conduct preventive outreach and education efforts

Legislative Activity

- HB1805
 - Amending ABC-MAP Act, providing for licensing boards to require education in pain management and opioid prescribing guidelines
- HB1699
 - Providing for limitations on the dispensing of opioids in hospital ED and urgent care centers to not more than seven days

Innovation Strategies

- Develop treatment decision tree for prescribers and dispensers with Department of Drug and Alcohol Program.
- EHR and Pharmacy systems integration with PA PDMP system
- Treatment Centers (program and bed availability) catalog integration with PA PDMP system
- Evaluate database research capabilities
